

RANDOLPH TOWN BOARD  
PUBLIC HEARING  
RANDOLPH TOWN OFFICE  
Recorded Office Computer  
August 24, 2017  
7:00 pm

BOARD MEMBERS PRESENT: Mayor Lyn Weston  
Lana Peart, Clerk  
Sim Bell  
Bridget Pugmire  
Melanie Limb  
Brian Weyers

ABSENT: None

GUESTS: Jesse Weyers, Kim Wilson, Dale Wilson

Mayor Weston called the meeting to order at 7:10 pm.

He welcomed all guests to the public hearing on the variance for Dale and Kim Wilson for a garage/shed on their property at 110 N. 300 E. The shed would not meet the prescribed 30-foot front set back and would be in front of their existing home. The reason for this is because there is a drain field just to the East of the building that they do not want to build over.

The Mayor asked for public comment. There was none.

Bridget made the motion that we approve the variance so that they could go ahead with a building permit and get the shed erected before winter. Melanie made the second, approved by the board unanimously.

Kim asked the board for an opinion on a neighbor that had just had a survey completed and found that the fences and property lines in the neighborhood were off. He was taking it upon himself to move fences without consulting with his neighbors. The Mayor stated that he was aware that many of the fence and property lines in town are not in exactly the right place. It would be good if neighbors could work together on any changes.

Sim stated that he is still working on plans for concession stands. We need to have this ready by October 1.

Melanie made the motion that we dismiss the meeting, seconded by Bridget. Agreed upon unanimously at 7:20 pm.
