

Grids Girls

What is Grids Girls?

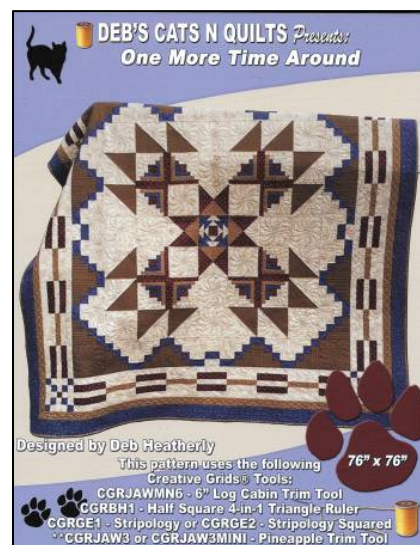

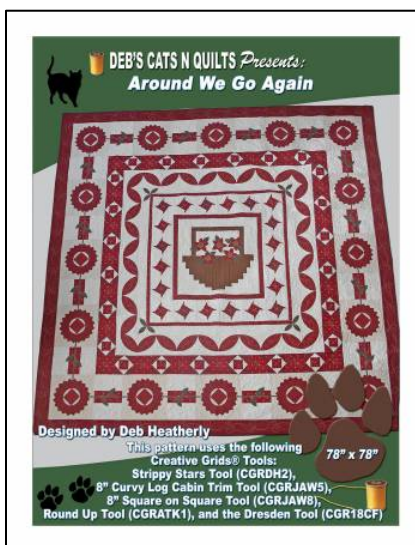

Very simply, Grids Girls a program to help you learn more about Creative Grids® rulers and tools. Shops all across the country are starting programs and students in the program are making more quilts than ever before. With Creative Grids® tools, quilters can piece faster, easier, and with more accuracy, all while using the famous non-slip grip built into all Creative Grids rulers® and tools.

Does your local quilt shop have a Grids Girls program? My goal is to compile a list for you in this link! Shop owners let me know about your program. Send me your shops name, address, and contact info so that people can find you.

Are you a shop owner who would like to know more about starting a program in your shop? Email me at (Debscatsnquilts@aol.com) and I'll send you an overview of the program. Please put Grids Girls program in the subject line.

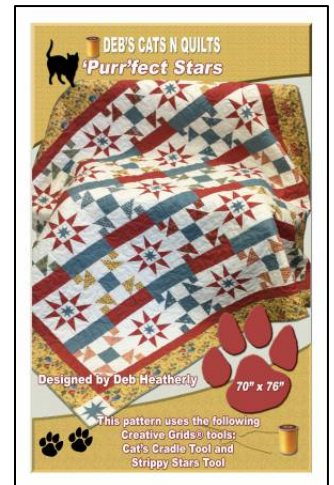

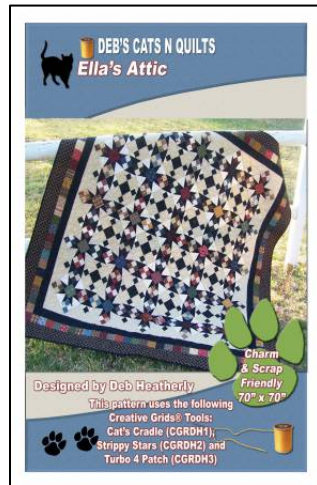

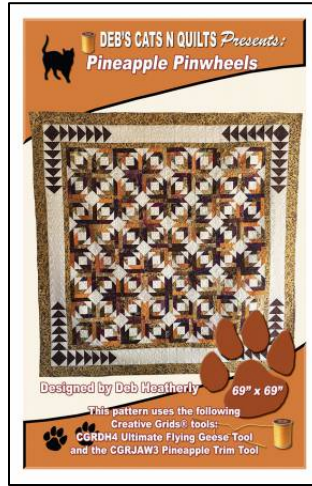

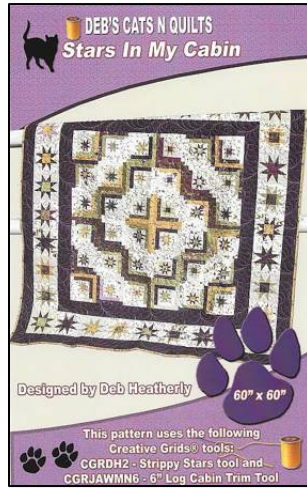

FACE BOOK GROUP

Feel free to post pics and see what's happening in Grids programs across the country on my face book group Grids Girls. <https://www.facebook.com/groups/770429649800457>

My patterns, “Around We Go”, “Around We Go Again”, and “One More Time Around” have been popular goals in many of the classes. You’ll see these in progress in many color ways on my Grids Girls group page.

Other patterns that combine Creative Grids® tools such as “Pineapple Pinwheels”, “Steps to the Stars”, “Chilly Charlie”, “Salute”, “Ella’s Attic”, “Addison”, “Purr-fect Stars”, are “Stars in My Cabin”, have also been very popular with Grids Girls.

Fun CLP patterns that combine tools include “Boo to You”, “Kitty Capers”, “Blooming stars”, “Little Log Starburst”, “Cat’s Cradle Star”, and “Grids Girls Placemats”.
