

3 The One-Patch Renaissance: Diamonds, Hexagons, Tumblers, Apple Cores, Pyramids, Kites. . . .

What began with the innovation of ready made shapes for English paper piecing exploded with the introduction of die cutters and laser cutting techniques.

This program looks at how modern technology has made it possible to return to one of quilt-making's oldest forms—the one-patch! This talk is full of history, humor, evolution and revolution, and, oh yes, technology. And of course, lots of quilts made from one-patch shapes. Workshop available.

**Coming Soon! New Lecture:
Runner Up! A light hearted romp
through the amazing world of the
Quilted Table Runner. Trunk show
of runners will whet your appetite
to make one of these anything
but boring small quilts.**

4 Odd Blocks: Settings that Rock

Ever wondered what to do with a set of blocks that were all different?

Or a collection of orphan blocks, or an odd number of blocks? This hands-on lecture/workshop will teach techniques for working with odd blocks and provide lots of sample settings to turn those Odd Blocks into amazing and innovative quilts. Reeze will show you how to use those blocks to tell a story that captures moments or memories. Tables are preferred for this lecture/workshop.

5 Color Confidence for Quilters: Or Why You Should Trust Your Hunches

"I'm just not good with color," is a common refrain heard in guilds and quilt shops. But with a little color confidence any quilter can become a color whiz. This program explores basic color theory from the quilter's perspective and shows how to develop color confidence drawing on your own instincts and intuition. The Program includes a virtual quilt show along with a trunk show of quilts illustrating basic color concepts. It is a fun and interactive program. **Workshop available.**

6 Quilt Story: Everybody Has One

Everyone has a quilt story. But the quilts themselves also have stories to tell. We may have seen photo memory quilts and t-shirt quilts which recount events, memorialize loved ones, or celebrate beginnings or endings. But quilts can tell stories in other ways through design, color, block choice, and fabric selection. Come along on this story-telling journey and see what some of the quilts in your family have to say. If we listen closely we can hear the voices of the quilters speak to us through the cloth. Enjoy this humorous and poignant story-telling journey.

Go to www.morningglorydesigns.com/lectures for more information and additional lectures.

6 Guild Lectures

1 Inspiration is in the Air

Where does inspiration for quilt designs come from?

It really is in the air and all around us—and in some unexpected places you might never have thought to look. In this innovative lecture/demonstration you will learn how to draw on common everyday sources for quilt ideas and how to translate those ideas into quilts or wall hangings. This is a fun lecture and trunk show with lots of group interaction and humor. Quilts designed from unexpected sources are part of this very peculiar trunk show. You won't want to miss this one.

2 Grandmother's Flower Garden Quilts: The Hexagon and Beyond

This program looks at the history of the hexagon in art, nature, and quilts. You will see its incredible variety, and the versatility of this traditional pattern. A trunk show of Reeze's large collection of Hexagon and Grandmother's Flower Garden quilts will never have you looking at this pattern in quite the same way again. This is an hour of history, humor, and serious eye candy featuring one of our most beloved and versatile quilt patterns.

7 Workshops

The Seminole Tote Bag

This workshop explores simple piecing & basic sewing technique. We will make a fabulous tote bag with a Seminole-pieced band around the top. It can be made from 6 fat quarters,

1/2 yard lining, and a piece of batting. It is fast, fun and gorgeous! This is a great beginner project or group workshop. (full day workshop) Free pattern included.

Color Confidence Workshop

This hands-on workshop explores basic color theory for quilters, the color wheel, color schemes for quilts, and dozens of tips and tricks for picking fabrics for your next project. We explore color with crayons and a color wheel you keep, fabric swatches and scraps from your stash. It builds color confidence while building a color vocabulary that lets each quilter use her own tastes and preferences to guide her color and fabric choices. \$20 color kit required. (half day workshop)

The Merry Go-Round Quilt: the 60° Ruler

This is a wonderful project to learn how to work with a 60° triangle ruler. The techniques are simple and the results spectacular. It can be made with a "Jelly Roll" or any set of 2 1/2" strips. The workshop will make a lap size quilt but instructions are given for larger quilts. Pattern purchase required. (full day workshop). Pattern and ruler \$25.

Curved Piecing without Pins!

Learn to sew Apple Cores, Clam Shells, or Winding Ways curved blocks without pins. This simple technique will improve your piecing and open up a world of blocks you may have resisted in the past. Half day or full day workshops. Uses AccuQuilt dies and GO! Cutter.

For More Available Workshops go to
www.morningglorydesigns.com/workshops

Seminole Patchwork Sampler

Learn a variety of Seminole Patchwork techniques, resulting in a lovely row sampler. Four or more different techniques will be included in a wonderful stash-busting project. (Full day workshop) Project is 18" x 24". Free pattern included.

Diamond Star with NO Set-in Seams

60° diamonds and triangles are a fast and fun way to create beautiful quilts in any size. The diamond star pattern will teach you all of the techniques needed to make stars, tumbling blocks, chevrons & more without any set-in seams. Bring a jelly roll & 1 yard of background fabric. Pattern & Ruler \$25 (full day workshop)

Sea Weed

Work with tumbler blocks using a limited color palate to create a one of a kind art quilt, your choice of colors. Pattern & template \$20

General Fee Schedule

Guild Lectures:

\$350 for one lecture/trunk show

\$250 for additional lectures/trunk shows*

*(if both lectures are the same; \$350 if lectures are different)

Workshops:

\$450.00 for half day workshop

\$550.00 for full day workshop

Retreats or multi-day workshops: contact for rates
Mileage, meals & accommodations are additional.

Rates are current for 2020

EQ8 Classes & Workshops

EQ8 Classes Available for your Shop, Small Group, or Quilt Show

EQ8 Preview: a 1-hour intro to digital design for those who don't own EQ8

Beginner Courses: (no experience necessary, EQ8 & laptop required)

EQ8 for the Beginner: 2-hour introduction to drawing & designing with EQ8 (\$30/person, min 4)

EQ8 Boot Camp: 4-hour intensive introduction to drawing & designing with EQ8 (\$50/person, min 5)

Intermediate Courses: (experience with EQ8 is required; EQ8 & laptop required) \$50/person, min 4

EQ8 Photo Patchwork using the image worktable and photo patchwork tools to create quilt art.

EQ8 Drawing: Easy Draw & Patch Draw: explore the drawing tools and grids in these two powerful worktables.

EQ8 Applique: drawing & tracing images to create original applique designs and templates.

Use EQ8 to design Optical Illusion Quilts.

EQ8 and Sacred Geometry: design quilts to inspire your mind and soul.
