FROM THE MAYOR'S DESK...

We are currently hiring a part time Utility Clerk. If you are interested, please contact City Hall!

Gordon Cutler

CITY COUNCILOR BELL

WATER DEPARTMENT

Thank you to those who completed and returned the cross-connection survey sent out. If you have not done so, please fill it out and return. Copies are available on the city website or in City Hall.

Why is it important to identify and fix cross connections on your property? Cross connections could contaminate the drinking water inside your home and jeopardize the health of your loved ones. A few simple steps will go a long way in keeping your drinking

water safe.

Simple tip: A large majority of backflow incidents are created by the common garden hose. Hoses can be connected to most anything that may contain undesirable substances such as chemical sprayers, buckets and pools, stock troughs. The Plumbing Code requires that all threaded potable water outlets (hose bibs), except water heater drains and clothes washer connections, be protected by a nonremovable hose bib vacuum breaker or an atmospheric vacuum breaker. The installation of a hose bib vacuum breaker is an inexpensive way to protect against contamination and can be found at most hardware stores.

COMMUNITIES THAT CARE

The annual Bonneville CTC path to opioid prevention 5k & half marathon is on August 26th.

Just a few weeks left until the race. Have you registered? If not, do it now!

NEW this year -- Utah Physical Therapy will join us at the finish line. They will give free consultations and a massage to the runners! During the consultation, they can suggest ways to prevent injuries in the future.

Register for the race at: <https://www.runforprevention.org/>.

Thank you,
Kristi Bell
