*All cemetery markers must be placed in compliance with the specifications of the Uintah City Cemetery Ordinance and under the direction of the Cemetery Staff. **Before a monument is placed, the Uintah City Office must be notified and the fee paid. A permit is required with the Cemetery Staff's approval before any marker is set. Any marker placed without a permit, violates city ordinance, or causes damage to Cemetery grounds will be penalized \$300.00.** All headstones or flat markers shall be of metal, stone, or cement. All raised headstones shall be set in a cement or granite foundation of at least 4 inches deep with a cement mow strip not less than four inches around the stone. The Monument Company will install the mow strip to match the slope and the headstone to a reasonable level condition. Flat markers shall be set in a cement or granite foundation of at least 5 inches deep with a four-inch mow strip around the marker. Only one upright headstone or marker will be permitted on the grave and shall be set at the head of the grave. The headstone or marker may be a single stone designating a single grave, a double designating two burial sites, or a combined marker designating no more than four burial sites. The length of the headstone or marker, to include the cement surrounding the monument, shall not exceed 3'8" for a single or 7' 4" for a double, The City's temporary marker will be removed one year after interment. A seventy-two hour notice is required prior to setting a monument. Monuments may not be set on Sundays, legal holidays or 2 clays before and after Memorial Day.*

I have read the above paragraph and will abide by these requirements.
