

Note From the Mayor's Office

This past month, Utah Gov. Gary Herbert ordered all state agencies to curb water use. Herbert signed an executive order amid Utah's struggles with the continued effects of a four-year drought and criticism that the state's water resources agency isn't doing enough to push conservation. With the executive order, the governor said state agencies "will lead by example" and "start taking measures to conserve in our own areas of responsibility."

Following Governor Herbert executive order, I felt impressed to encourage all Uintah Citizens to conserve water as much as possible. Weber Basin Water Conservancy District will provide a free water check. The water check is a series of tests on the irrigation system, performed by Weber Basin Water employees to determine how much water the irrigation system is distributing uniformly (precipitation rate) and measure the infiltration of the water into the soil. The Weber Basin Water will also check soil types, root depth, and sprinkler pressure. The entire process takes about 1 hour and the homeowner is left with a customized irrigation schedule and recommendations to improve the watering of the yard. To schedule a free consultation, please call 801-771-1677.

2015/16 Budget is Complete

The council has successfully completed and approved the 2015/2016 fiscal year budget, which arrived at a net positive of \$3,750. All department revenues and expenses were carefully considered and scrutinized. Over the course of several work sessions, the budget was balanced and all department necessities were met. I want to thank the council for their many hours they spent reviewing the budget and asking the right questions to ensure the process was completed with integrity and with the citizens in mind. I should also mention that the 2014/2015 fiscal year is estimated to have a net positive of \$15K to \$25K, which will be saved for future needs of the city.

UDay Success!!!

I want to thank Stephanie Howell and UDay Committee, all volunteers, and City Council member Jerry Smith. Without the direction of Stephanie and Jerry, UDay would have been the success that it was. Countless hours were spent to prepare for the magnificent event that Uintah City has become known for in the county. Who could forget talent night, softball game, dancing, watching the movie, witnessing the lighting of "U", the unforgettable UDay parade, food eating contests, the incredible musician, Don making his rounds and taking to just about everyone, and last but not least, and the Weber County famous salmon bake. I love that we can all come together and celebrate UDays in style. Thank you again and hope to see you next year! If you would like to help on next year's UDay committee, please come to the city office and speak to Darinda.

NOTICE OF 2015 MUNICIPAL CANDIDATES

to be voted on in the
Uintah City Municipal General Election
on
November 3, 2015
for
(2) City Council Member 4 year terms each

Michelle H. Roberts
Gerald R. (Jerry) Smith

Cities that have one candidate or less for each opening may cancel their election by resolution, barring any write-in filings, between 60 and 20 days before the election. 20A-1-206

Uintah Fire Department

In May the fire department responded to two traffic accidents and a HAZMAT Incident. We are happy to report that there was no major damage or serious injuries. Although there was a limited amount of fire calls in the month of May, the firefighters who do not already have their certification, have been attending EMT classes all month. Did you know by the end of August 2015, all of the firefighters will also be licensed EMT's

The department completed its regularly scheduled training drills for the month of May. Some of the trainings were; hydrant testing, SCBA training (Self Contained Breathing Apparatus), and as previously mentioned EMT training. Each week not only do the firefighters train they spend time working on preventative maintenance on all the equipment on the apparatus as well as inventorying the emergency supplies.

We participated in H. Guy Child's Annual Last Day of School event where we took Engine 91 and sprayed the cannon signifying the beginning of summer. We also welcomed back Captain Casey Bybee. Captain Bybee spent five months away in the United States Air Force Reserves and returned just in time for his daughter's birthday.

If you have not seen it already Weber State University's Advanced Video class created a video about the Uintah City Fire Department to use for recruiting and to show our community how proud we are to serve them. You can view it on the Uintah City Fire Department Facebook page or visit You Tube and search *Uintah City Fire Department Recruitment Video*.

A new fire apparatus was added to Uintah City Fire Department in May. Brush 91 is a 2003 Ford F550 4x4 with 125 gallons per minute pump that holds 590 gallons of water and will be used for wildland firefighting. This includes assisting other agencies who are in need of additional manpower during a wildland fire crisis situation.

We would like to acknowledge special occasions or news that happens in Uintah City on our social media platforms. If you have any information, stories or events that happen in the city feel free to contact Uintah Fire Department's Public Information Officer Kirsten Stuart at kstuart@uintahfd.org.

Just a reminder, we are always looking for volunteers both firefighter and support staff. Support volunteers complete tasks such as helping around the station, assisting in maintaining our equipment, fundraising, website maintenance among others. You can feel free to contact me at (801) 425-2802 or via email wpope@uintahfd.org for more information on volunteering, questions about the department, or just for a "war story" in the life of a fire fighter.

You can find more information regarding the department by: Following us on Twitter @UFD91, Visiting our Website www.uintahfd.org Visiting us on Facebook www.facebook.com/Uintah.Fire.Dept. Also check out our information video on YouTube at <https://www.youtube.com/channel/UCW2FwWcGDUEdhcoYyqHFSdA>
