## Assembly Instructions:

1. Lay batting on flat surface. Center the backing fabric onto the batting, then fold to spray the wrong side of fabric with adhesive.
2. Smooth the backing fabric over the batting.
3. Peel back the backing on the unglued side. Spray with adhesive and smooth the backing fabric back into place, easing out wrinkles as you go.
4. Turn batting side up. Find center of quilt and mark both horizontal and vertical lines with a felt tip pen.
5. Lay Peacock strip on batting, lining upper raw edge along horizontal line, starting 15" from vertical line.
6. Lay the Electric Blue strip, right sides together with the Peacock, matching top raw edge and pin well.
7. Using a 1/2" seam allowance, stitch through both strips, batting and backing.
8. Spray adhesive on back of strip (covering fabric with paper to avoid overspray) and flip into place, smoothing out wrinkles as you go.

9. Continue working from the center outward (in both directions) in this manner, adding the strips as shown below. Trim length of strips if necessary.
10. Add white inner border, starting with top and bottom, then sides.
11. Add black outer border, starting with top and bottom, then sides.
10. Trim to 42" x 53" using a rotary cutter.
11. Bind according to Binding with Cuddle® tip sheet.
