Pleated Zippered Pouch

I am happy to share the tutorial that we use over and over to successfully make many zipper pouches

[Pleated pouch free tutorial](#)

The photos make it very easy to follow this complex process of creating zipper sandwiches!!
Thanks SKIP TO MY LOU!

Using a contrasting zipper that picks up the blue bird was fun!
Stitching the ribbons on the top border is perfect

TIP: To stitch the ribbons on the fabric, you can either select a color coordinated thread or a transparent monofilament thread- in which case use a looser thread tension in your sewing machine

The Pixie Basket by Fabric Mutt

Thanks Heidi!

It can be done in many sizes and we particularly love the cuteness of the small size to display the peppermints candies in your holiday decoration!

[Free tutorial to the Pixie Basket!](#)

Say hello to your new favorite quick project! This cute basket is the perfect size for binding clips, mini charm packs, or any other small notions you want to collect in your sewing room. It also makes a darling little gift basket for tiny presents

Wine and Tote Mini Basket

Perfect set as a hostess gift to a fabulous dinner party, bring Champagne and fresh baked goods in style!

Designed and sold by [Bodobo Bags](#)

[Get the pattern on Craftsy](#)

The Wine Tote and Mini Basket pattern is 7 pages of detailed instructions and color photos.

Only 3 fat quarters needed to make both.

Pattern uses a foam stabilizer so Wine Tote and Mini Basket are soft and padded.

Each one is lined and there are no exposed seams.

Bonus instructions included for making coasters.

Small Drawstring Gift Bag

We chose to make this one with the lovely turquoise hand dyed wool by Sue Spargo

No lining necessary, the wool is perfect inside and out! We cut a piece 12" long by 5" wide, folded 3/4" on top and stitched along side 1/2" seam allowance. That's all!

For a simple photo tutorial on an unlined ribbon drawstring bag, check Sew4Home :

Christmas Ornaments

We all remember making a yoyo most likely, this is a ribbon version of a yoyo ! You can stitch 2 ribbons together, then baste with long stitches at one bottom and pull till it is all tight.

We made these double, added a button and a little loop to hang on the tree or at the window

Easy and fun to make with kids too!

We highly recommend this book which is full of wondrous ideas and techniques to use our ribbons, check your local store if they carry it or can order it for you
