

## A TAX BENEFIT IS WAITING.

*Don't miss out on the Section 179 Tax Deduction for 2022.*

### PROGRAM DETAILS:

## What is Section 179?

Section 179 of the IRS Code was enacted to help small businesses by allowing them to take a depreciation deduction for certain assets (capital expenditures) in one year, rather than depreciating them over a longer period of time. There is a clear benefit to taking the full deduction for the cost of the item immediately, rather than being required to spread out the deduction over the item's useful life.

## 179 & Financing?

By financing an equipment need, you can dramatically lower your net investment required to purchase the equipment while preserving your cash and maximizing cash flow.
