## Happy December from Jukebox!

We wanted to share a few quick things with you.

### Machine Rental

Want to get those holiday gift quilts quilted? Call to get on our schedule for hand or computer guided machines! Rental time includes one of our wonderful staff working with you on our amazing machines. No need to take a class, buy leaders, or do anything other than call and book time! Be able to say you did it all yourself! Check our [facebook page](#) for specials on machine rental for December.

Start **dropping gift hints for Gammills, Jukis, Bravos**, or a gift certificate for the holidays. It's great to be able to pick what you really want. Did you know that we also have [used machines](#) listed on our website?

**Thinking about starting a long arm business?** You might want to check out [an article](#) about being able to depreciate business equipment purchases in one year. This is only for equipment purchased and put into use in 2015. Chat with your tax accountant, but if you want to take advantage of this, get an order in for your machine soon!

Make sure to check or subscribe to our [blogs](#) on general hints and techniques, stitch issues, machine maintenance and trouble shooting, and software hints?

Follow us on Facebook to keep on top of all the sales we have going on this month! Currently we have fabric sales, product sales, and discounts on Statler rental. All details are on our [facebook page](#)!

### Fort Fiber - Row of the Month - Row 3

*Includes both the kit and the pattern*

*Cost: \$25.00*

*Laser kits available for \$30*

Our third row is now available! This new row features a dog beside a campfire and tent. The Pattern includes templates that are reversed and grouped by color, a real time-saver for fusible applique!

Order [online](#) or stop by the shop. To see the full quilt, check out our [Facebook](#) page or [click here to see our blog](#). Follow us on both for the latest information about Jukebox.

### Route 66 Quilt Display

Our wonderful traveling tour of three years has come to an end. The final day to see this spectacular display is December 5th at Jukebox Quilts. Get into the shop and see it before it's gone.

### Laser Cut Hexie Crazy

We've gone a little hexie crazy lately. We're revisiting English Paper piecing, (or hand piecing, or machine) and creating those fun Grandmother's Flower Garden flowers. This project is fun and portable for those of you traveling this holiday season. Drop in and get your laser pre-cut hexies. You'll get 7 with every yard purchased. Before you know it, you could have a quilt completed!

**UPCOMING EVENTS AND CLASSES**

### [Sockhop \(Statler Classes at Kelly's\)](#)

We recently had another great meeting with the talented Rita Meyerhoff. Watch for more classes with Rita, including free motion and crazy quilting. We'll get you your free patterns by the end of the year. [Register for 2016 here.](#)

#### **Here's next years tentative dates:**

Saturday, April 2nd, First of Four Meetings

Saturday, July 9th, Second of Four Meetings

Saturday, September 10th, Third of Four Meetings

Saturday, Oct. 8th, Fourth of Four Meetings

Saturday, Nov. 12th, Bonus Meeting

### [Springtime in the Rockies Shop Hop](#)

April 8th and 9th, 2016

### [Hold the date for Digital Stitch](#)

We're booked for **June 15-18th of 2016**. You'll love the teachers and classes we're in the process of bringing in for this. Plan for some fun local food and drink, and lots of new twists on this great educational event! **Pre-registration is open now:** [Pre-register here.](#)

### [Happy Hour and Breakfast Club](#)

*Dates: Varies*

*Skill Level: Beginner - Intermediate*

*Instructor: Kelly Gallagher-Abbott*

Our first session has sold out but we've added two more sessions starting in January!!

Come in for Brews and Blocks on the following Thursday evenings to sample a few locally brewed beers and enjoy hors d'oeuvres while learning precise piecing, Y seams, machine inset circles, foundation piecing, turned edge machine appliqué, and many other quick and perfect techniques you'll use in every quilt. We'll laser cut your fabrics (or you can purchase a kit) for this quilt designed by Jen Kingwell.

Can't make Thursday's class? We'll repeat the class on Saturday mornings in a Breakfast Club that includes a light breakfast. This class features all of the best tricks I know. Working with laser cut fabrics helps ensure the perfection you've always tried to achieve. I haven't felt this excited since discovering rotary cutters! These laser cut pieces go together so nicely, you'll be amazed!

## Shows and Events

Bob Coonts: Art & Influence  
November 20, 2015 - January 10, 2016

I've long admired Bob's work, especially the paintings that incorporate elements you'd find in quilts. Bob has an exhibit at the Fort Collins Museum of Art. Here's the info: [Fort Collins Museum of Art](#). Please join us as we celebrate the artwork and design legacy of Northern Colorado artist, Bob Coonts. Bob has asked 20 artists and graphic designers with whom he has worked with and mentored over his career. This exhibition will display Bob's recent work since 2008 and a selection of work from 20 of Bob's employees, friends and students over the years.

Also, at [Bas Bleu Theater](#), just a half of block east of us, is an exhibit of quilts by the **Rocky Mountain Creative Quilt Guild**. This is up until Dec. 4th.
