

A division of Galloping Rabbit, Inc.

Independent Authorized Gammill Quilting Machine Dealer

Feb. 1, 2013

Hi Everyone!

As always, we have lots of fun stuff going on around here!

This coming Saturday, Feb. 2nd is “Sisters in the Hoop” with Cheryl Row. Bring your domestic embroidery machine and work on a darling project, a towel with a trapunto cupcake appliqued and embroidered on it. A super knowledgeable embroiderer, Bernina trainer, and multiple machine owner, Cheryl will provide a kit and all necessary patterns, and will walk you through every step, no matter what brand machine you have! This group will meet every other month. If you’re interested, let us know! Class is \$25, payable to instructor.

Our Statler group, Sockhop, was supposed to meet on Feb. 8th and 9th, but I need to beg your forgiveness and change this to Friday the 15th (here) and the 16th (at Deb Geissler’s). We’ll be sending you all a separate notice on all of the information we need to pass on to our Statler owners at the same time we send out this newsletter. If you don’t get it, make sure to go to our webpage and click on the Sign Up for the Newsletter button and update your profile to include yourself on future Statler and Sockhop lists, and email customerservice@jukeboxquilts.com to get this one. March’s dates are the 8th (at Deb’s) and 9th (here), so mark your calendars. Remember, if you sign up for this group by the end of Feb., the cost has been reduced to \$110. You’ll still get \$150 worth of free patterns, and a 25% discount on Deb’s patterns for the whole year, the Evernote Pattern Finder, and lots of great information from us and other members, so we hope you think this is a great bargain!

Now, the reason we need to change dates is because Gammill has asked us to “take one for the team,” and so we’re traipsing off to Austria with a suitcase full of tools to set up a machine and to work with a few Statler owners. One must always make sacrifices... Actually, we’re so excited we can hardly stand it! Jim will get to ski in the Alps (after the machine is set up) while I’m teaching, and we’re looking forward to a few non-work days in Vienna.

So, this means we have limited shop hours next week. Please email us or leave a phone message, and Lisa will make arrangements to meet with you, mail you product or answer any questions you might have.

Statler owners, Evernote is done! We've been telling you about this for a long time, and you should be getting information today about your new searchable pattern directory of nearly 2,500 patterns that have been keyworded for you! We'll show you how to add your own patterns and use Evernote's awesome features at the next Sockhop meeting. We'll also demonstrate three different types of applique on the Statlers. On Friday, stick around after lunch for the Art and Stitch group if you're interested. The meetings start at 10a.m.

Friday, March 15th or Saturday, March 16th

Facebook and Social Media – Using it to promote your quilting business with Ny Wetmore

10-4 (Bring a sack lunch) \$50

Have you been toying with paying big bucks to have a website built to promote your business? Why have a website when you can use facebook? It's easier, cheaper and already more connected. Ny will walk you step by step through setting up both a personal and business facebook page that will help you promote yourself, use Facebook's proven marketing tools, and determine what is best for you, your business and your budget. Bring your laptop and get your page started during this class, which is great for all computer skill levels. We'll have a drawing at the beginning of class, and one lucky winner will get their Facebook page built by Ny during the class! This is a \$200 value! Can't make the Friday class, then join us on Saturday for a repeat of the same class!

From Jan. 28th through April 27th, visit the Surface Explorations by Cynthia St. Charles at the Rocky Mountain Quilt Museum. More info at www.rmqm.org.

Other bits of information:

The good news: Gammill hasn't raised prices in four years! The bad news: they have announced a price increase in mid March. If you've been thinking about purchasing a machine, now might be the time. Call or email us for more information.

The Route 66 exhibit was a great hit at Road to California, and will be at the National Route 66 event in August in Joplin, MO. Check out the [blog](#) for recent photos, including images of every panel and quilt!

We're hoping that as of early March, we'll have one of Gammill's new sit-down machines here for you to try! Stay posted...

Jukebox Quilts is now offering table cut down-services. If you purchased a 14 foot table and find you need to downsize, we can make it any width you need. Call for a quote.

We also provide machine moving services, including tear down, service and maintenance, and re-installing the machine in your new location. If you don't want to trust your machine to movers, let us help!

Don't hesitate to let us know what we can do for you! Even though we'll be out of the office for a few days, we'll be checking emails. Stay warm!

Kelly
