

## Longarm Feathers

### 3 Ways

### Limit 6

9am to 3pm \$60  
With Linda Visnaw

To make beautiful feathers it is important to be able to master three different methods. Two of them cling to the vine and the third is called the Bump Back method taught by Irena Bluhm. [www.Irenablubmscreations.com](http://www.Irenablubmscreations.com) Learning all three provides for many options and flexibility.
