	<p>The Raccoon by ellen abshier LaughSewQuilts.com</p>		
<p>Fierce Ladies Quilt Pattern</p> <p>Fierce Ladies is 18in x 24in and inspired by those riotously colorful Victorian homes set in the hills of San Francisco, except we're making doll houses on a hill!</p> <p>HERE</p>	<p>Raccoon Quilt Pattern</p> <p>One irresistible raccoon, dangling from the quilt sashing, on his way to the apples a few rows up. Shown here in blues, grays and reds with a complimentary raccoon print, it would be perfect for a baby boy or girl.</p> <p>HERE</p>	<p>Island Chain Quilt Pattern</p> <p>Island chains crop up everywhere. Each island is so unique, yet part of a bigger system. Eye Candy Quilts' Island Chain shows that no matter how many times you make a block, each one has its own personality.</p> <p>HERE</p>	<p>Yonder Quilt Pattern</p> <p>Yonder is 60in x 84in. Let's go with the classics: you can never go wrong with blue and white or a sampler quilt. Yonder is both. And the pop of tomato red or orange (we can never agree) gives it an extra pop.</p> <p>HERE</p>

3 Little Monkeys Quilt Pattern

These 3 monkeys are irresistible, whether made from minkee, flannel or cotton!

Monkeys are set on a whimsical background of polka dots with a simple to piece braid palm tree.

Diamante Quilt Pattern

Diamante is 66in x 88in, a great twin sized quilt. The secondary pattern when the blocks join together gives you all the sparkle of a fine gemstone, but the simple curves make sure you don't have to work hard to get it.

Abbie's Little Deer Pattern

Abbie's Little Deer is a sweet little appliquéd deer on the background of your choice. Simple to customize for your little one, as the pattern lends itself to many fabric combinations. Baby girl, baby boy, or gender neutral.

A garden full of roses, a warm Dresden Plate sun and one irresistibly cute lamb combine to make this the perfect way to welcome your newest little one into the world.

We love a nice, hefty quilting project — it feels so satisfying once it's done! But there's something equally wonderful about starting and finishing a quilt top in just one weekend. That's where these beauties come in: they're super speedy thanks to smart use of precuts, large blocks or just a whole lot of negative space. Mark your calendar, this weekend is booked!

On the Homestead...

And I did a bad thing. I went to the local Tractor Supply store to get cat and chicken food for, well, the cats and baby chickens (and ducks). And they had, on a really good sale... closeout turkeys and Cornish Rock chickens (the huge meat guys).

So, of course, 17 little birds had to come home with me. I had been meaning to get more meat birds and turkeys this year and I guess I picked the right time to go in.

Hubby just shakes his head....

Pinterest

A lot of people complain about Pinterest saying that they click on a picture they're interested in and it goes nowhere, so we're fixing that. (on our site anyway)
So, on any of our Pinterest Pages, if you click on a picture, it should take you to the product page on our website.
If it doesn't, I'd sure like to know so I can fix that.
