

2020 First Saturday Sampler Block of the Month

Grateful

A quilt by
Cheran Bee

Month Eleven - Throw size Quilt Assembly

Quilt assembly for the Throw quilt is set in vertical rows, instead of horizontal rows. After sewing the rows of vertical blocks together, join the rows, matching seams at the 16" block intersections. Some of your blocks may be different than shown above, (if you did applique in the corners vs. the pieced star, or the number of pinwheels.....) Remember, some of the block decisions were up to you!

Start each day with a grateful heart.
