What is Worldwide Quilting Day??

-March 18, 2023- Worldwide Quilting Day is the time each year that we celebrate quilting around the world and explore the ways that it binds us together. This event, held each year on the third Saturday in March, was created to connect quilters and the shops that support them. Let's all share pictures of our quilts on our social media accounts! You could even suggest to your friends that they learn how to quilt by signing up for a class at their local quilt shop!! (like the one here!)

Learn to Quilt!! - Tell Your Friends

This class is for the beginning quilter that is wanting to make a fun and simple small lapsize quilt. Baby quilts are a fun and easy way to learn to quilt while making a special gift.

No babies to sew for? No problem! It's all about your fabric choices. Be sure to tell your friends that are wanting to give quilting a try!!

Where will this be held?

This will be on a hybrid of both private Zoom and private Facebook Group.
