

ABOUT BERNINA CREATIVE STUDIO PROJECT AND TECHNIQUE CLASSES

We are thrilled to have another year of BERNINA Creative Studio lessons available for our students! We have changed things up a bit and added several components to enhance our 2020 offerings, all in support of our customers and their needs. While the lessons come from BERNINA, you do not need to own one to participate. Each of the lessons feature tips, tricks and techniques which use features of the BERNINA machines; however, your instructor will be able to guide you along regardless of your machine.

Project and Technique Classes are held on the 3rd Tuesday of each month from 10:30-1:30. Each session includes a hands-on project class with instructor, project class handout, project class pattern and instructions, and all materials required to complete your project. You will also be treated to a free technique video with supporting samples to view and a technique handout for home instruction. You will need to bring your sewing machine, appropriate feet and a basic sewing/notions kit. You will be provided with a list of what to bring prior to each class.

COST

The cost for each Project & Technique class is \$34.99 OR you can purchase a QUARTERLY class pass for \$89.99.

POLICIES

- There are no cancellations for these classes; however, if you are unable to attend, you can either:
 - Transfer your class to another student
 - Or opt to have everything mailed to you (or picked up in the shop at a later date) to make the project on your own plus the free technique handout. Shipping charges may apply.
- The class cost includes your kit, which may vary from our shop samples.
- The Modern Sewist Class Hopper may not be used for BERNINA Creative Studio Classes.

CLASS DESCRIPTIONS – First Quarter

JANUARY

Project: Catch-all Pincushion created by Hayley Grzych

This super-utility cushion will hold your pins, binding clips, and catch your trimmed threads. Learn how to create your new stitching companion and all the BERNINA feet and accessories to help you get the job done in a breeze.

Technique Video: Overlocker Multi-purpose Foot with Jaime David

Make piping, add beads and install zippers—you can do it all with one terrific presser foot, the multi-purpose foot. The multi-purpose foot, is a versatile foot that can be a great investment to make complex applications a little easier. In this lesson, you will discover how this foot can enhance your capabilities using an overlocker.

FEBRUARY
