The Patchwork Duffle Mini is a great bag for weekend travel or just makes a great everyday duffle bag to tote your favorite things to a sports game. This duffle features a patchwork exterior (or make it with your favorite fabric in a one-fabric version) and a large opening. It has exterior pockets on the ends of the bag. It's a great companion duffle for your large bag, and also the perfect size for packing your favorite items.

Pattern is required for workshop and is part of the workshop fee when you sign up for the class online or at the Textile Studio. The pattern can be mailed to you or available for pick up prior to the workshop so that you can assemble the patchwork and quilt the pieces prior to taking the class so on the day of the workshop can be spent sewing and putting together the duffle bag. It is encouraged to make the bag using one fabric to learn the bag construction, but please make the patchwork option if that is the option you want to make on the day of the workshop.

- If making the patchwork option, please have your patchwork squares sewn together according to the suggested pattern dimensions prior to the class. You will quilt the pieces of the duffle bag prior to the construction.
