

Homework for Correcting Mistakes Class

Materials: size US 8 knitting needles; light colored, smooth worsted weight yarn; tapestry needle, crochet hook size F or G, scissors.

Make the following swatches using light colored yarn and size US 8 needle.

- 1) Swatch 1: Cast on 20 stitches and purl on row back. Work in stockinette stitch (knit on right side, purl on wrong side), starting with a knit row until the swatch measures 2". Leave on needle with at least 6 feet of yarn attached.
- 2) Swatch 2: Make swatch as above but drop a stitch (let it purposely fall off the needle) in the middle of the row on row 8. On the following row just purl right past it. If it begins to unravel, just let it!
- 3) Swatch 3: Cast on 20 sts and knit every row (garter) until the swatch measures 2".
