

# August Newsletter

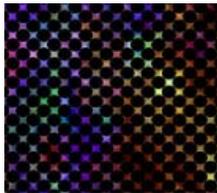

As I sit here writing this newsletter, I am in disbelief (and maybe a little bit of denial) that it is August already. This year has been full of unique opportunities. I thought about using the words obstacles or challenges, but chose instead to use the word opportunity. Why opportunities you may ask? Even though this year has been different than other years (and could very well be our new normal), we have tried to be creative with the opportunities given, in how we support our customers either through curbside pickup, different operating hours, or new fabric choices. As always, please stop in when you are in the area. We would love an opportunity to visit with you and assist in your quilting needs.

## In The Beginning Fabrics

We are excited to offer a new fabric line in our store from In The Beginning Fabrics. In 1996, In The Beginning Fabrics was started, focusing on creating beautiful and innovative cotton fabrics. This is a mother-son operation who personally design or work with other artists to create the 12-14 collections they offer each year. Here are some of the beautiful and colorful options we offer at Something For You:

14UJ 2

10UJ 1

2UJ 1

12UJ 2

4UJ 1

7UJ 1

## Marcus Fabrics

We have also received a shipment from Marcus Fabrics. Recently, this company joined forces with Timeless Treasures. However, they are still going to do business under the Marcus Fabrics name. Think of all of the projects that can be created with these beautiful fabrics:

0695-0141

0695-0144

0695-0126

0819-0114

0819-0140

0704-0132

0704-0142

0704-0120

0820-0137

## Corn & Beans with a Twist

Quilters Trek (previously known as Row by Row) began on June 21st and will run through September 8th, 2020. The theme this year is "Blue". Each participating store has a free pattern they will be offering. Our free pattern is called "Corn & Beans With a Twist". These patterns can be used as rows, squares, or single blocks in your quilt projects and are approximately 9" finished. In order to get the free pattern, you will need to visit the store or call ahead for curbside pickup. Kits can be purchased in store or online.
