

# September Newsletter

As I drove to the store this morning, I gazed upon soybean fields that were already starting to change colors. Where did summer go? Well, I guess it is time to realize that Fall is right around the corner. Fall reminds me of cooler temps, the smell of pumpkin spice, and brilliant Fall colors! The changing of a season indicates that something new is right around the corner. For us here at Something For You, we are excited to share with you some of our new fabrics that have arrived since our last newsletter.

We are excited to present our Winter Gnomes Advent Calendar panel by Wilmington Fabrics. I had such fun creating this calendar and individual ornaments. As the project unfolded, I found myself waiting with anticipation to see what the end result would be. Can you imagine the air of excitement as children and adults alike draw an ornament from the pouch to add to each calendar day in December?

The Gnome Advent Calendar panel is now available at our store. We are excited to also announce that we have the corresponding fabric choices for backing the panel and the ornaments. Stop by, say hello, and pick up yours today.
