

# December Newsletter

It's beginning to look a lot like Christmas! As Christmas approaches, I stop and remember past Christmas seasons. One of the things we used to enjoy doing with our kids when they were little was driving around looking at all of the beautiful Christmas lights. I still remember all the oohs and aahs that were expressed by each of them. Now that my kids are older, I am looking forward to creating some projects that will get those same oohs and aahs. What projects do you have in mind that will get some oohs and aahs from your family and friends?
