

Mystery Quilt 2012

www.alittlefabricstore.com where it Seams Like Home

I hope it wasn't too hard to decide which fabrics to use where and I hope that you used the Fabric Key page to help keep them straight. If you every have any questions please call or email. I am working through this with you...

Clue #1

Place a Color #3 rectangle vertically in front of you. Place a Color #2 square over the top half of the rectangle. Make sure if you drew a line vertically that it goes from top left to bottom right. Sew corner to corner or right on top of the line. Flip and press the square toward the center. Trim the back two layers if desired.

This makes Unit A.

You should have the following number of Unit A pieces:

Crib: 36

Lap/Twin: 96

Full/Queen: 196

King: 324
