BEFORE CLASS

Please heavily starch fabric.

This is very important as we will be working with bias edges and starching the fabric helps to stabilize the bias edges. HINT: Spray starch one side of the fabric, turn over and IRON not press the fabric dry. Spray this side of the fabric, turn over and iron dry. Repeat this entire process again.

To save time in class, please cut several (4) -- 1 5/8 inch strips of both background and focus fabrics.

If your class runs through lunch time, you may want to bring a portable lunch. There is a small refrigerator available.
