10:30-noon 2:30-4 6:30-8pm

Fabric Dyeing Class

Please sign our list if you are interested in a fabric dyeing class. The date(s), time(s), & cost have not been determined yet, but we'd love to know if you're interested. We would each be dyeing several yards of fabric using the Low-Water Immersion method developed by Carol Johnston in her book, Color by Accident. This will be a lot of fun!
