

**Level:** Confident Beginner

**Instructor:** Mindy Camp

# Beginning Quilting

---

## **WHAT YOU WILL LEARN:**

This beginning quilting class introduces machine piecing and quilting using a rotary cutter. Students will learn essential skills such as fabric selection, accurate cutting, piecing techniques, and basic quilt construction to help build confidence and consistency.

Students must be comfortable using their sewing machine before registering. You should be able to thread your machine, wind a bobbin, and sew a straight stitch without assistance. If you have not used your sewing machine in a while, please have it serviced before the start of class. Standard service turnaround time is approximately one and a half weeks, so please plan accordingly.

Homework is required to successfully complete the class. Instruction will be provided during class, and each student will receive a handbook to guide them as they continue working on their quilt at home.

Students will complete either a baby-size quilt or a lap-size quilt.

## **YOUR SUPPLY LIST (WHAT YOU NEED TO BRING):**

Please bring all supplies to the first class.

- Notebook paper and pencil
- Sewing machine with power cord and foot control
- Walking foot and  $\frac{1}{4}$ " foot for your machine
