# **Serger Zippered Cosmetic or Travel Bag**

---

## **WHAT YOU WILL LEARN:**

Our sergers are much more versatile than we think. With the correct foot they can not only serge a seam, but they can also insert a lined zipper at the same time! In this beginner serger class you will learn how to insert a zipper with lining, then with a few folds and seams create a useful bag for travel, cosmetics, sewing tools, and more. A kit will be provided, **fabrics will vary**. You must know how to thread your serger, this is not a machine usage class.
