

Dear Grand County Business Owner and Friend,

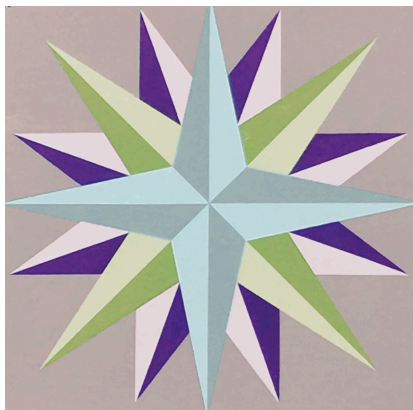

We are pleased to tell you about the “**Grand Quilt Trail**” by the Grand Quilters and the Grand County Historical Association (GCHA). Since 1970, The Quilters have provided quilts to local families and support organizations for those in need. The project is endorsed by the Town of Fraser’s Public Arts Committee.

A Quilt Trail is a collection of colorful flat wooden quilt designed blocks, usually from 2 ft. to 8 ft. square. They are displayed on the exteriors of buildings, barns, churches, museums, schools and even homes in a community, county or state.

The purpose of a Quilt Trail is to celebrate the heritage of quilt making and honor the early settlers and women who began this long tradition.

The first Quilt Trail was initiated in Ohio in 2001 and there are now Quilt Trails in 43 US states and 3 Canadian provinces. In Colorado, many counties including Jefferson, Clear Creek, Summit, Boulder and more, enjoy active Quilt Trails.

Started in Spring 2017, the **Grand Quilt Trail** already has more than 100 quilt blocks installed on public and private buildings throughout the county. You’ve probably seen them - and many are shown in this handout.

If you choose to participate in this exciting project, a member of the **Grand Quilt Trail** committee will meet with you to decide on a size and help you select a meaningful design from the hundreds that are available. After priming the blocks, volunteers paint and finish it. We deliver the finished **Quilt block** to you.

Once your quilt block is built and prominently displayed, your business will be listed in the full-color brochure of all the quilt blocks along the trail.

The brochure of the **Grand Quilt Trail** is also available online at

grandcountyhistory.org.

Already the **Grand Quilt Trail** has been publicized in local and regional newspapers. Thousands of vacationers, history buffs and shoppers follow Quilt Trails annually and participating businesses report increased visits to their location.

The cost to you is minimal while the reward for community involvement is maximum. The one-time price of a 2 ft. square block is \$150, and a 4 ft. square block is \$300. The **Grand Quilt Trail** is in need of additional funding for businesses with limited means, should you wish to make a greater tax deductible donation, thank you.

We hope you will consider being part of the **Grand Quilt Trail** and the efforts of the Grand Quilters and GCHA to honor our great heritage and women's art traditions.

Please join the Grand Quilters and GCHA to support the **Grand Quilt Trail**, a community vision that broadcasts women's heritage arts. The Grand Quilt Trail is featured in GCHA's new book, ***Go Grand: Seven Tours through Grand County History***, a very popular publication.
