

COLOR POP CLASS REQUIREMENTS

This will be our first virtual class, so the #1 requirement is patience! The size of the class will determine which application we use for conducting the class. If there are less than six students, we will use Facebook Messenger Video Chat – a simple app that will allow everyone to see everyone else in the class. If the class has greater than six students we may use Zoom or a similar application. We will announce which application will be used, and hold a test class at least three days before the actual class starts.
