Corner Pop

Never struggle with folded corners again! Stop stressing over whether or not it will be square when you're finished and start using the Corner Pop tool. Before you know it, you will be popping off the corners of every unit. The Corner Pop tool does just that, it helps to add a pop of color to any unit and can add a secondary pattern to your quilt.

The Corner Pop tool gives you 22 size options so you can pop off a little or pop off a lot! For years "popping" was done with the flipped corner method while we hoped the end unit was still going to be square. Deb Tucker has provided just enough wiggle room with this tool so we no longer have to hope for the best. Get ready for perfect pops!

Class Supplies

- Corner Pop tool – available for purchase from the instructor the day of class
- Design Sheet: Corner Pop – available the day of class
- Fabric for class – Please come to class with fabric cut into strips per the table below.
- 6" x 24" Ruler, Cutting Mat & Rotary Cutter (with new blade)
- Sewing machine, Thread & bobbins, General sewing kit – scissors, pins, seam ripper, machine needles, etc.
- Units created in previous Tucker University classes for Show & Tell

Pre-Class Cutting Instructions WOF = width of fabric, approx. 40" sq = square
Note: Cutting instructions are for a limited number of class samples.

- One WOF strips 5" wide – background fabric
- One WOF strips 5" wide – focus fabric
- One WOF strips 3 ¼" wide – a color that complements and contrasts the strips above
- Please bring your V-block and Tucker Trimmer 1 – we'll be reviewing the use of these 😊
- Bring your 'left over' Tucker University units that you're not quite sure what to do with – we'll play with these and investigate 'popping' them to add interest!

We'll be investigating different techniques using the Corner Pop tool where we add pops of color to units we've already created. Dig out all those previous Tucker University units you don't know what to do with 😊 Get ready to be creative!
