Class Supply List For:

## *Airport Bag*

Instructor: Nancy Palmer  
Phone: (661) 399-5778

### **Fabric Requirements:**

- Exterior Print 1 1/2 yards
- Lining Print 1 1/2 yards
- Contrast 1 1/2 yard
- Contrast 2 1/2 yard
- Contrast 3 1/2 yard
- Mesh 12 by 9

### **Class prep:**

1. After deciding on your choices for fabric placement, cut out all pieces using the cutting chart provided.
2. Iron on all interfacings as indicated.
3. Attach foam to the End pieces only. Front and back will be added later. I prefer stitching foam using a small 1/8" seam on the edges, however you can also use iron on foam.
4. In addition to your fabrics, you will need the following:
  - a. 1 zipper 24" or 26 (I prefer a handbag zipper)
  - b. 1 16" zipper for pocket in the lining
  - c. Light to medium weight mesh for pockets – see cutting sheet
  - d. 2 yards of SF101 iron on interfacing
  - e. 18" by 58" foam
