## CLASS PASS

**OCTOBER 20TH - NOVEMBER 7TH, 2020**

Each summer we have offered a series of classes called, "Summer Class Pass." This year's Summer Class Pass was our biggest and most popular class offering ever. We were able to reach people all over the United States and even Canada.

As summer class pass was wrapping up, we were asked over and over if we would be offering anything like this again soon.

With that in our minds, we have created our first ever "Holiday Class Pass" series.

Welcome to our "Holiday Class Pass" series of classes. We are thrilled to bring you 15 fabulous classes over a three-week period starting October 20th and continuing until November 7th. Each week you will receive a full instructional video with all the ins and outs of making each project.

We worked hard to not only bring you holiday themed projects, but projects that will be great for gift giving. Our classes range from wall hangings, quilts, bags, and more. When you register for Holiday Class Pass 2020, you will have access to each of the 15 classes we are offering this year.

**We look forward to you joining us for  
Holiday Class Pass 2020.**
