

“Alaska”

Class taught by: Debbie Kalenty
Studio 180 Design Certified Instructor.

This is a stunningly beautiful quilt, whether you are making the original 6 color version, or the rainbow version.

You can make any version in class.

**Please see the reverse side for yardage requirements.
WE NEED MORE fabric than the pattern states!!!**

Please precut STRIPS ONLY for class (we will cut shapes/units in class).

You MUST have your fabric placement figured out! I highly recommend gluing a snippet of your fabrics directly onto the fabric photo in the pattern (only partially cover the pattern photo with a very small snippet). We will NOT have time in class to figure out fabric placement.

Required basic sewing supplies:

Thread, marking pencil, pins, seam ripper, rotary cutter (new blade), small personal cutting mat, or personal sewing favorites.

Required pattern and tools:

Tools: Studio 180 Design Wedge Star tool (either size) & Tucker Trimmer 3 is REQUIRED for class!

Pattern: “Alaska” pattern (either 6 or 7 color, or Rainbow version) by Edyta Sitar / Laundry Basket Quilts (Each person must have the pattern / no copies or sharing allowed for copyright reasons).

If you have ANY questions, please contact me. I’m very happy to help!
