

## Field Optics Research Testing & Evaluation Policy and Procedures for International LE/MIL Distributors/Dealers:

International distributors/dealers that do not have a formal relationship with Field Optics and that wish to represent/demonstrate our products to non-USA government agency, may purchase the below listed products at Sample Pricing for demo only use only under the following conditions:

1. The intended agency name and date of the planned demonstration must be provided to Field Optics at the time of purchase. If more than one agency is expected to receive a demonstration, the name and date of any planned agency demonstration must be provided.
2. All shipping costs shall be paid by the distributor/dealer. We use all express shipping services or we can use your own shipping account. We advise the purchase of insurance when shipping high value products to international addresses.
3. A report of the results of the demonstration is required to be shared with Field Optics after the meeting. The report should be sent to the company representative listed below.
