Looking at buying a longarm? Don't miss this event!

## LONGARM EVENT

This is no ordinary machine. Because quilting is no ordinary hobby, pastime, art form, skill, or calling. These machines, this company is head-over-heels in love with quilting. We know the decision to own a longarm is no small thing and that's why Bernina takes creating, engineering, and manufacturing each and every one of our longarms very seriously. If all quilters were alike, Bernina would offer just one amazing longarm system. But everyone of you quilts your own way. Some of you sit and move your quilt through the machine with the skill of a seasoned artist. Others stand, with the machine as your brush moving it over the quilt with precision as you create your masterpiece. Some of you have plenty of room for a longarm while others might have to sacrifice the dining room table. Bernina gets it. That's why they offer a variety of systems to meet the specific needs and quilting style of every kind of quilter. Emily from Bernina is coming to Top Stitch and she is eager to share with you everything about these amazing machines. We'll be having extreme offers with low payment options. Don't miss this opportunity.
