LIVE MONITORING

Monitor embroidery progress in real time and wirelessly send embroidery designs to your machine from your mobile device or computer.

TOUCHSCREEN CONTROL

The 5" color touchscreen with built-in stylus makes selecting, previewing, and editing designs effortless, with 1270 embroidery designs ready to stitch.

EMBROIDERY AREA

Enjoy up to 160 x 260 (6.29" x 10.2") embroidery space and a 9" throat space, giving you the freedom to stitch larger and bulkier projects with ease.

STREAMLINED THREADING

The independent bobbin winder lets you wind bobbins without stopping your project, while the multi-spool thread stand keeps multiple colors organized.

CUSTOM FOOT CONTROL

Personalize the multifunction foot controller to activate key functions like thread cutting, auto-lock, or presser foot lift—keeping your hands free and your focus on stitching.

AUTOMATIC PIVOT

The automatic pivot function lifts the presser foot while keeping the needle down, making it easy to turn corners and achieve precise, professional results.
