Cut batting for the base piece of fabric

Prior to class, please cut all pattern pieces out so we can have time to complete project in class. For all pattern pieces except for the piece marked A (cut 4 pieces)....place on fold and add ½ inch to piece for seam allowance. The pattern group that has the A piece on it needs to be placed on fabric that has been folded in half then folded again to make quarters. This is the base piece. Cut 2 of all pieces unless noted otherwise.
