Giving Back

Being part of this community and giving back in meaningful ways is important to us. Last year we collected quilt squares and made and donated a quilt to Station Stitchers. We have some squares remaining and will put together another quilt to donate this year.

Quilters are generous people who are often sewing for others. This week we want to highlight a few new organizations that make an impact.

Miles of Pillowcase Smiles, their signature sewing event each year, is held in September to coincide with National Childhood Cancer Awareness Month. Each year, approximately 40,000 children are in cancer treatment across the country. Their goal throughout September is to create 40,000 pillowcases, striving to deliver one pillowcase for each child in treatment.

How can you help?

- Donate Pillowcases
- Donate Fabric
- Not a Sewer? Donate funds to help a local chapter in their efforts.
- Share your support! Be sure to tag us @CaseforSmile or submit a **photo or story** so we can post it.

All donations are tax-deductible and greatly appreciated. Make an [online donation](#) or mail a check payable to Ryan's Case for Smiles to 295 E. Swedesford Road, #396, Wayne, PA 19087.

If you want to help - we will be collecting pillowcases throughout the month of September. If you need a pillowcase kit, stop by. We have some all ready to go. Don't know how to make one; we have a link to a free pattern from Riley Blake on the website [here](#).

New Fabric

Creativity Roars by Shelencia Daniels for Moda

Making Waves, being bold, chasing your dreams, and checking yourself is the inspiration behind Shelencia Daniel's new line "Creativity Roars" for the Creativity Shell. In her continued effort to use creativity to raise awareness about youth mental health, the bright colors and bold designs behind Creativity Roars prompt sewists to make something different while having fun with the fabric collection.

Since 2015, Daniel has been teaching sewing, quilting, cooking, and other art classes to children throughout the Houston area. After working directly with survivors recovering from sex trafficking, homelessness, and other trauma, Daniel hypothesized that mental health was the root cause of many of our youth's obstacles.

After starting the Creativity Shell, she and her team of artists, teachers, and everyday creative therapists spend their time using their skills to boost positive mental health in children.

This fabric line was designed with prints such as "Make Waves," "Check Yourself," and an overall message of getting up when you are down and living life to the fullest! Many of the projects that can be made with this fabric line include the Creativity Shell's famous Sew a Little Love Line of **Love Bugs**, **Love Hugs**, and the New **Love Li Pattern**. Makers and sewists are encouraged to make Sew a Little Love items to give to places like hospitals and shelters that support positivity and youth mental health.

Grab some fabric and sew up one of these projects. Bring it in, and we will make the donation for you. Check out the reversible dress pattern [here](#).

[Enchanted Skies by George Mendoza for FreeSpiritFabrics](#)

"I live in the Land of Enchantment. I will let you guess the name of my state! The food here is enchanted, and the skies above me are enchanted too. I see a big blue eye hovering in the sky when I look up. The sun is a burning white face in the deepest blue sky you have ever seen in your life! Sometimes, I paint the shapes of white puffy clouds in my famous paintings. I have seen dragons, lizards, and even angels drifting slowly across clear blue skies. Sometimes, the clouds in the sky turn gray and black, heavy with rain here in the deserts of my home. The enchanted skies bring us rain during the summer monsoons and sunflowers grow following the sun's path, smiling at the sun in the enchanted skies.

When I went blind at fifteen, my mother took it upon herself to describe the colors in the sky, especially during sunrise and sunset. I have been painting those enchanting colors of the wind ever since I moved to New Mexico! My grandmother once asked me in her last breath, "Do you see the quilt in the sky?" I have been looking for that magical quilt in the sky forever. "
