### New Products

#### Colour Me Cotton Embroidery Batting

Air Lite Manufacturing was at h+h and introduced a batting specifically manufactured for use with machine embroidery. This product is manufactured using their poly/cotton blend and proprietary stabilizing liner. This insures against shrinkage, puckering, and stretch in all directions. No more using

additional stabilizer in embroidery or quilt blocks.

We have added a small selection of this batting and are very excited to hear about your experience with it. We have two customers who plan to try it out. We have opened a package that is 30" by 5 yards. We have three 1-yard cuts available if you want to try a small sample. The full 5-yard package is also available.

Our Saturday Sampler on 7/8 will feature demos of these rulers. Stop by at either 11:30 or 1pm to learn more.

## Row by Row 2023

Row by Row has started and runs from June 1 - August 31, 2023. We created two designs that are available for purchase in-store and online.

- **Sew I Wine** celebrates Loudoun County. On our drive to the store, we pass cows and numerous vineyards, so this plate depicts those views.
- **Surf the Web** celebrates the long history of Webfabrics as an online business. We wanted to keep the summer theme and include our cow in both designs.

Kits can be ordered online or picked up in-store. License plates are available in two sizes; 4" x 7" and a mini which is 2" x 4". Both designs have an optional panel for purchase. Sew I Wine's panel is a little license plate for the tractor and a barn quilt for the barn. Surf the Webs panel is the computer screen.

The rules for Row by Row can be found [here](#).

### Moda Patriotic Pillow Sew-Along

The Moda team is getting ready for a long holiday weekend...  
Time to plan a quick project!

For many of us, that means a pillow. We're big fans of the humble pillow around here – all the joys of quilting neatly condensed into a plump little package. You don't need as much fabric, so they're a great scrap-buster; they are much easier to machine quilt yourself (a big win for beginning quilters); and if you're pressed for time or just don't mind, you don't even have to quilt them at all.

They're also an excellent opportunity to practice working with zippers, if you are so inclined.

Carrie Nelson is the Pillow Queen – she designed and made dozens of pillows for Moda over the years, and today, we're resharing several of her festive, patriotic pillow patterns.

**Stripes & One Star** and **Stripes & Stars** – the OG patterns, first published in 2017. Carrie revisited and created a few new patterns **Stripes and Three Stars** in two ways (lumbar and square). Make a pillow over the weekend and post them to Facebook or Instagram. Be sure to tag us and hashtag #webfabrics and #ModaPatrioticPillowParade.

### Pouch Club Series

Moda has introduced a new monthly series. In this new series on the Moda Blog, Chrissy will be walking us through making a different pouch each month from her collection of patterns. Whether you are new to pouch-making or a master at installing a zipper, this series is for you! We will try out different blocks and piecing techniques. We will sew with various interfacing materials and show you how to get perfect corners with zipper tabs. And you will love showing off your newly stitched projects to friends and family and

enjoy gifting them as well!

The first group of projects has been announced:

- June 15 - Candy Cutie Pouch
- July 20 - Sunflower Pouch
- August 17 - Pencil Me In Pouch
- September 14 - Triangle Pouch
- October 19 - Autumn Breeze

We have all five patterns available in the store. Join us in sewing up these pouches. Here's the link to [Candy Cutie Pouch](#). If you have trouble with the zipper, stop by Saturday, June 24th for tips from Kate.
