

## Weekly News & Updates

June 24, 2023 | Issue 25

h+h america's 2023 tradeshow was great. This, their second year in the US, was 30% larger than last year, with people traveling from 22 different countries and all 50 states. There were more than 270 vendors in attendance.

It has been exciting to hear a cross-section of the handcraft industry, which includes all fiber arts. The keynote speakers and panelists provided perspectives across the different industries, and you quickly see how we are all connected.

People engage across different mediums. I know I have personally cross-stitched for years, crocheted, and quilted. I have combined my cross-stitching and quilting to make beautiful baby quilts. Mixed Media artists use different techniques and materials in their art. Art quilters find ways to use all types of fabric, thread, and other materials to create their beautiful works of art. This show lets us explore various suppliers and examine how the industry is connected.

We will introduce some new products into the store based on what we have seen at this show. We hope you like what is coming,

See additional photos at the end.

## Temple Garden by Snow Leopard Designs for FreeSpirit Fabrics

Philip Jacobs' latest collection is described as follows?

The spring wind blows down the valley from the great mountain scattering the blossoms across the moss-covered stepping stones and the fresh green grass. As summer arrives the snow leopards come down from the hills and shelter from the heat, sleeping under the shade of the scent-laden dangling panicles of wisteria. Exotic birds with brightly colored plumage fly amongst the huge peony blooms. Butterflies flutter over the scent-laden chrysanthemum and morning glory flowers.

As summer turns to autumn and mists start to shroud the valley, the delicately patterned maple leaves turn to multi-colored hues and drift into the stream as it tumbles down the mountain side over moss and fern-covered boulders. Eventually the leaf-filled stream feeds into the temple pond where the brightly colored fish play among the water lilies and floating leaves.

Hopefully this same magic and beauty will inspire all of your quilting and craft projects and help to make each of you as happy as the snow leopards are as winter turns to spring, then summer then autumn and the great dance of life and renewal continues onward.

This fabric includes 12 prints.

## Row by Row 2023

Row by Row has started and runs from June 1 - August 31, 2023. We created two designs that are available for purchase in-store and online.

- **Sew I Wine** celebrates Loudoun County. On our drive to the store, we pass cows and numerous vineyards, so this plate depicts those views.
- **Surf the Web** celebrates the long history of Webfabrics as an online business. We wanted to keep the summer theme and include our cow in both designs.

Kits can be ordered online or picked up in-store. License plates are available in two sizes; 4" x 7" and a mini which is 2" x 4". Both designs have an optional panel for purchase. Sew I Wine's panel is a little license plate for the tractor and a barn quilt for the barn. Surf the Webs panel is the computer screen.
