

Martin Luther King Day

The weather across the country continues to be a topic of discussion. I hope everyone is safe. We have continued to have unseasonably warm weather here in Northern VA. Those temperature quilts are not what were expected for January.

Block of the Month

The Block of the Month program is a great way to work on a quilt a little at a time over an extended period. Doing it with others is a great way to stay motivated to finish. We want to help you be successful and finish what you start. We love that you buy fabric from us and don't want you to just add it to your UFO pile. We hope to help motivate and encourage everyone to finish their UFO's in the coming year making more room for the fun new stuff.

Social Media

Do you follow us on Facebook, Instagram, or YouTube? In between the newsletters we use social media to share quick updates and videos. We also will announce changes in the store and online. This is the quickest way for us to get news to you.

In the event of inclement weather, we will update a banner on our website as well as a post on social media for any changes to our operating hours. Please check before driving out if there is any question related to the weather.

Please feel free to share with your family and friends as we continue to spread the news about the changes at Webfabrics to include the opening of a Brick-and-Mortar. again.

As we have many Grunge club members who have collected a stash of fabric we wanted to allow you to use your stash. The pattern is sold separately. This way if you have a collection of Grunge you can check your stash and just order what you need.

Coming Soon

We have a variety of childrens prints arriving soon as well as a new floral collection. Here is a preview.

Windham - First Look

In the beginning it was all black and white. Children and adults alike will enjoy the playful prints in First Look. Whimsical toy prints, bold geometrics, letters, numbers and stripes support the eye-catching alphabet panel. Mix and match with colorful basics for a pop of color!

This collection includes 15 prints and a panel. They have provided a free pattern and a few projects.

Riley Blake Designs - Barbie Girl

For sixty years Barbie has been representing women in new ways, becoming a symbol of independence and empowerment. Through her inspiring careers and exciting fashions, she has become an international icon, and muse around the world.

This collection contains a traditional Barbie look and color palette with pinks, purples, black and white. This collection includes 15 prints and a Barbie Dream house felt pack and play.

This collection also includes one free pattern.

Victoria Findlay Wolfe - Next Door Garden

I'm forever looking backwards to my childhood in fondness for the little things that brought me joy. Those reflections bring back moments of running through the garden at my grandparents' home and admiring the warm orangey glow of their tile-patterned linoleum. I've kept a space in my heart for vintage floral wallpaper and retro faded cotton sheets. All of these

memories are balled up together in this collection, like the various furnishings in their home with motifs from the 40's through the 70's. This eclectic palette of prints and patterns are the kind of fabrics that inspire me to create everyday. And just like that, I can hear, "Now run to the Next Door Garden and pick me a bundle of daisies..."

Thank you for your continued support. Be on the lookout for more in-store events to include classes.

Keep Sewing,

Bev and Sydney
