Block of the Month

The Block of the Month program is a great way to work on a quilt a little at a time over an extended period. Doing it with others is a great way to stay motivated to finish. We want to help you be successful and finish what you start. We love that you buy fabric from us and don't want you to just add it to your UFO pile. We hope to help motivate and encourage everyone to finish their UFO's in the coming year making more room for the fun new stuff.

Facebook Groups - allow all who are participating in sew-alongs or BOM's to connect. This is completely voluntary and we hope it serves as a great way to help you share your progress and finish your projects.

As we have many Grunge club members who have collected a stash of fabric we wanted to allow you to use your stash. The pattern is sold separately. This way if you have a collection of Grunge you can check your stash and just order what you need.

New Fabric

Next Door Garden by Victoria Findlay Wolfe for FreeSpirit Fabrics

Victoria says "I'm forever looking backward to my childhood in fondness for the little

things that brought me joy. Those reflections bring back moments of running through the garden at my grandparent's home and admiring the warm orangey glow of their tile-patterned linoleum. I've kept a space in my heart for vintage floral wallpaper and retro faded cotton sheets. All of these memories are balled up together in this collection, like the various furnishings in their home with motifs from the 40's through the 70's. This eclectic palette of prints and patterns are the kind of fabrics that inspire me to create everyday. And just like that, I can hear, "Now run to the Next Door Garden and pick me a bundle of daisies..."

This fun collection is online and on shelves now. We have full collections available. Grab yours now and pair it with her low-volume Modern Shirtings Collection [here](#).

Hoist the Sails by Rachel Erickson for Riley Blake Designs

Hoist the Sails is a new fabric collection from Rachel Erickson of Citrus and Mint Designs. Inspired by local pirate lore from her town of Saint Augustine, FL. The collection encourages kids to be adventurous and to learn history. She did lots of research for the collection—pulling out old college textbooks, reading online scholarly research, and visiting the local pirate museum to check her facts. Hidden among the designs you will find historical truths from the time period, such as famous pirates (including famous female pirates!), flags of countries that ruled the Caribbean, real pirate ships, and of course pirate treasure. Get ready to hoist

the sails and head off on your next sewing adventure!

This collection includes a free pattern from Riley Blake and another one shared on their Blog.
