

March Fabric Madness

When March rolls around we think of college basketball and March Madness. At Webfabrics, we are thinking of March Fabric Madness. We wanted to have a little fun and get input from you, our customers, on your favorite basics and blenders.

We have a "sweet sixteen" bracket of basic and blenders pitted against each other in head-to-head competition. You will determine their fate as they move along in the bracket. Each week we will have a new set of match-ups. You [vote](#) on your favorite to move forward in the bracket. The link can be found at the top of the website or by clicking vote above.

Worldwide Quilting Day

Join us on Saturday, March 18, 2023, for Worldwide Quilting day. Pamela Schmidt will be presenting Siddi Quilts: Exploring a Traditional Craft with Modern Scraps.

We will have a station set up for you to learn about this craft with a small make and take project.

Siddi Quilt Workshop presented by Pamela Schmidt

The Siddi people, from the Bantu people of Africa, were brought to India by Portuguese slavers.

They now make up an Indo -African tribal community. Using worn-out saris, thread, and needles. The Siddi make distinctive quilts. Called Kawandi quilts, they are made completely by hand, without pins, irons, or embroidery hoops. Construction starts at the outside edges and fabrics are added while working toward the center. They can be large or small and are traditionally made from old saris.

Pamela will show you how these quilts are made, help you get started on a small project, and share tips, tools, and construction methods. She has made pieces as small as a coaster, and as larger as a table runner.

Mark your calendar for 21 March. The class/workshop will be
