

## Wine Bag

Materials: 1 Fat Quarter (FQ) for outer fabric and 1 FQ for lining  
1 yd. of ribbon

Cut: 12"x17" rectangle from each FQ. All seams are sewn at 1/4".

1. Sew outer fabric and lining together at top (12" side). Press seam open.
2. Make fold in ribbon at 16" mark. One side will be longer. Place fold of ribbon along raw edge on one side of the outer fabric 5" down from top seam. Stitch to fabric within 1/4" seam allowance.
3. Fold lining and outer fabric lengthwise and right sides together (RST), matching lining to lining and outer fabric to outer fabric. It should measure 6"x33".
4. Being careful not to catch ribbon in seams, sew seams across both short ends and the long side, leaving a 4" opening in the lining for turning.
5. Turn fabric right sides out through opening. Stitch opening closed. Push lining into outer fabric and press.
