

Fall 2022 Newsletter V2

In this edition, we discuss local deliveries, new products, firearms training, and more....

Local Delivery

Many of you are still unaware we offer same-day local delivery, within a certain radius of the store, for a \$10 fee. A few have taken advantage of this option and, as winter approaches, you may not be able to come to us, but we can come to you. For Military, we *can* deliver on Ft. Meade.

As a reminder, deliveries are conducted Monday-Saturday 12pm-6pm only. Any orders received after these hours will be added to the next delivery day. Click [HERE](#) to read our *Shipping/Delivery* web page for **ALL** info. As always, curbside pick-up is still available.

New Products

We have added a few new devices and new flavors & nicotine levels to our store. We also received a shipment of disposable vapes with several new flavors. So be sure to check out the website and/or in-store menus.

Special Orders

If you have problems finding and/or obtaining your favorite liquid flavor, replacement coil, or favorite device, let us work for you. If we have access to these items, we are happy to obtain them for you. What's the catch? No catch – just pay in advance and we will notify you upon arrival.

Firearms Training

Many have asked about when more training classes will be conducted. Chalet Firearms Training has posted a few with new dates. They will be offering a new course specifically for active-duty military and those separated under honorable conditions. While Maryland exempts these individuals from the classroom training portion, a shooting qualification is still required. This 3-hour course will cover the Maryland Legal Supplement and hands-on dry fire and live fire applications. Regardless of whether you are a resident or non-resident, it is imperative to know and understand Maryland laws as they often differ from other states. This course, all other courses, dates, and information is found on their website - chaletfirearmstraining.com.

Stay informed, ALL updates are available on the [News/Events](#) page on our website (vapechalet.com).
