

I was determined to find a scarf pattern for the grand prismatic yarn that would show off the colors and allow them to pool in a way that would illustrate the springs that the colors were based on. It took some playing with various patterns and stitch counts, but I'm very happy with the way it turned out. It reminds me of the hot springs meandering around the geyser basins in Yellowstone National Park.

This is a very simple reversible scarf with a single row. My scarf was knit on size 3 needles with 47 stitches. As tension may affect the pooling you may need to adjust needle size or stitch count to achieve the effect you like.

Materials

One skein either Letter Plus or Silk Road dyed in the Grand Prismatic colorway by Destination Yarn
Size 3 needles

Gauge

approx 7-7.5 sts per inch after blocking

Cast on 47 sts

Knit 8 rows garter stitch (knit every row)

Knit 4, * yo, k2tog, k1 * repeat from * to last 4 sts, knit 4

Repeat the last row until scarf is nearly desired length or you have just enough yarn to knit 8 rows of garter.
