

Important!
A few additional tips to the instructions:

Step 24:
After zig-zagging the Quarter-Circle section to the Crown section, check to see if the crown fabric shows through the Quarter-Circle fabric. If so, trim to the dashed lines of the crown bottom.

Also use an applique pressing sheet when the entire quilt top is pressed. Use it under the Quarter-Circle section when pressed from front or over when pressed from back. This will avoid getting the fusible on your iron or ironing surface!
