Fabrics 3, 5, and 6 should have high contrast with Fabric 4. Fabrics 1 and 2 should have high contrast with Fabrics 5 and 6. Avoid thin, see-through fabrics....or, if you do have one of those, consider lining it with itself or interfacing. Use a spray baste to stick the two together. **NOTE:** The long cardinal points should point to the North, South, East, and West. The short Cardinal Points should point to the NE, SE, SW, and NW...to be accurate, but it is your quilt!
