FOR THE LOVE OF SEWING

## *Quilting Made Easy*

With intuitive features and user-friendly interfaces, Baby Lock quilting machines are ready to use right out of the box. They're designed and built with quilters in mind and include stitches, features and accessories that make quilting easy. Best of all, every new Baby Lock machine comes with a 60-day trial of online sewing classes, literally packing education, projects and inspiration right in the box.

# THE PERFECT ACCOMPANIMENT TO YOUR CREATIVITY

No matter where you are in your quilting journey, Baby Lock has created a quilting machine just for you. Ready to dive into your first quilt pattern? Approaching that king-size quilt? How about those final topstitched patterns? Each Baby Lock quilting machine will accompany you perfectly and make every step a dream, from those first pieces to the final touch.

With smart features powered by Baby Lock IQ Technology™, these quilting machines make every step easier. Baby Lock IQ Technology works with the machine's "brain" to help you achieve the results you desire. You'll enjoy quick auto-adjustments and hassle-free quilting. And with decorative techniques such as bobbinwork and candle wicking, you'll be amazed at what you can create with a Baby Lock quilting machine.

Baby Lock's attention to detail and innovative features have even caught the attention of quilters like Eleanor Burns, Amy Ellis, Pat Sloan and many others. Though each quilter has a unique style, they all appreciate the smoothness, precision and control of their machine.

# SOLARIS VISION

The future of creativity has arrived with the Solaris Vision sewing, embroidery, and quilting machine. The Solaris Vision's built-in IQ Visionary™ Projector vividly displays stitches and embroidery designs on your fabric for perfect placement. Make your quilting visions a reality using the large 10- 5/8" x 10-5/8" hoop perfect for quilt blocks and the beautiful built-in patterns for edge-to-edge quilting.

## IQ VISIONARY-PERFECT SEWING PLACEMENT

The Solaris Vision uses a variety of guideline markers and grids for perfect placement. While in sewing mode, switch between three different laser colors (red, green and white) for better visibility based on fabric choices.

## EDGE-TO-EDGE QUILTING

Create beautiful edge-to-edge quilting projects using the 10 built-in patterns. Enter a few measurements, select a hoop, specify flip options, and the Solaris Vision sets up your entire quilt. The on-screen instructions and design projections guide you every step of the way for quilts measuring up to 118" x 118".

## 13" TO THE RIGHT OF THE NEEDLE

With an unprecedented 13" to the right of the needle for an impressive 65 square inches of workspace, Solaris Vision gives you plenty of room to comfortably work on larger projects and full-size quilts.

## ENHANCED QUILT BORDERS AND SASHING

Create beautiful quilt borders and sashing with unmatched precision using the 30 patterns and two shapes. Enter a few measurements, and the Solaris Vision does the necessary calculations for you. The on-screen instructions guide you every step of the way for quilts measuring up to 118" x 118".

# SASHIKO

The traditional art of Sashiko hand stitching has been recreated with the Baby Lock Sashiko machine. This machine is the first of its kind, and it perfectly replicates this distinctive stitch. The secret's in a unique needle system and adjustable stitches and spacing. Sashiko stitches are great for all sorts of embellishments. Add them to quilts, home décor and more!

## PRECISE SASHIKO STITCHES

A specialty needle system forms defined stitches with precise spacing to create a true hand-stitched look. The adjustable presser foot height gives you more control and ease when turning fabric, or stitching circles, squares and other shapes.

## U-SHAPED FLUORESCENT LAMP A

The entire needle area is surrounded by a lighting system for maximum illumination.

## SINGLE STITCH FUNCTION

Complete control of stitch and spacing is essential for decorative techniques such as braiding, couching, cross-stitching and adding trim. With the specialty stitch function, a complete cycle of one single stitch and space allows the control you need when single stitch sewing is desired.

## LED MONITOR

This unique system allows you to easily recognize when the needle is creating a stitch or a space.

## ADDITIONAL KEY FEATURES

- LED Monitor
- Bobbin System
- Bobbin Winder
- Accessory Storage

# THE BABY LOCK EXPERIENCE

There's always something exciting to learn, to experience, or to be inspired by when you own a Baby Lock product. But what inspires us? To put it simply—you.

Baby Lock and our independent retailer network are committed to sewers like you. Together, we provide the highest quality products and services not available through mass retailers, and we can meet your sewing needs better than anyone else.

Whether you're looking for product information or a recommendation on your next machine, you can count on your Baby Lock retailer to help you choose the sewing machines that best fit your needs. Well-trained on the Baby Lock line, they're your friendly, trusted advisor—someone who will guide you through the features and innovations that make sewing so much fun.

When we have problems with our car, many of us turn to a mechanic. Well, think of your Baby Lock retailer as the expert you rely on for another very important machine—your Baby Lock! They'll always go the extra mile for you, acting as your go-to resource for troubleshooting, training and the support you need to get the most out of your machine. If you want to learn more about a new technique, search out that perfect notion, or share an idea with someone, they'll be there for you.

With every Baby Lock machine and product, we keep one thing in mind: Everything we do is for the love of sewing – that's our destiny. We know that you do everything for the love of sewing, too. What's more, we provide you with a comprehensive library of education and training so you'll always have something to learn. So when it comes time to create, nothing will stand in your way.

# WHY SHOP SMALL?

By choosing your local Baby Lock retailer for your sewing needs, you not only enjoy a more distinctive, personal experience, you're also helping build community. Stop by your Baby Lock retailer to learn about all the wonderful Baby Lock products that will bring your love of sewing to life.

Baby Lock USA corporate office in St. Louis, Missouri, is still run by the same family that brought the first home serger to the United States in 1967. This family business started as a small, independent sewing machine parts retail store. We carry on this tradition through our Independent Authorized Baby Lock retailers who deliver the personalized, memorable service our customers have come to expect.
