LETTERS FROM BARBARA AND CLAUDIA

Thanks to all who have participated in the Bernina Artista Software program. It is very sad that I feel that I can no longer be in charge of the program, but time is catching up with me and my husband. After having to cancel the meetings the last few months I feel it is time for someone else to do the program. I wanted to send an email to everyone, but my computer crashed and I lost all my email addresses. Thanks again for all the wonderful memories.

Barbara

Barbara's retirement has left a "hole" in the recurring software classes. Margie asked and I said, "Yes" as long as Barbara held my hand to get me started. So you and I will start this new adventure together as I have been a customer, employee, and/or instructor for Margie since 2002. I look forward to sharing something new and exciting.

Claudia

ARTISTA SOFTWARE SUPPORT GROUP

BERNINA has a fantastic Software Support Program that has been developed by BERNINA educators. Margie has subscribed to this educational program and is making it available to you. Each of the projects deal with different levels and aspects of the artista software—regardless of your software version you will benefit from attending. You can obtain a CD containing all the instructional material for each session for the small fee of \$150.00 per year (or \$15.00 each). Purchasing the CD is not a requirement for attendance. There is no charge to belong to this group if software purchased at Margie's, otherwise \$35.00 per session.

FEBRUARY

DON'T FORGET EMBROIDERY CLUB THIS MONTH

GET YOUR HANDS ON THE BERNINA LONGARM MACHINE EVENT

BERNINA Longarm Division National Sales Manager, Vince Nutt, will be joining us on Wednesday, February 6th. He will demonstrate the Q24 longarm machine with frame as well as the Q20 sit down machine. He will show us all the wonderful features that these machines have and the magic of the Qmatic with the Q24 and frame! Then, there will be time for you to try out these amazing machines. Come prepared with any questions you may have for Vince. If you are considering a longarm machine in the near future, DO NOT miss this opportunity to discuss your questions with this noted longarm expert.

Vince Nutt is an expert in the field of longarm quilting machines. He has 15 years of experience in the longarm industry. He was Vice-President of Dealer Development of one of the largest longarm companies in the country. He was also involved in research and development for a longarm company. Vince has extensive knowledge of the longarm industry and the other longarm machines that are available and will be able to answer any of your questions.

WEDNESDAY,
DECEMBER 26TH
FOR FAMILY TIME.
MERRY CHRISTMAS!

FROM MARGIE'S DESK

The beginning of a New Year with great hope and faith...

We are losing our very sweet and talented Kaycee to the Air Force and I know she has a great future there. We will miss her especially me, I am constantly calling her name to help me with something.

We have new "Inspiration Consultants" so please welcome two new faces, Jeri Downs and Theresa Atkinson. They are both proving to be an asset to the store already.

If you have been in the shop recently, you know we have a new point-of-sale system, YAY!! Please bear with us as we ask for your information to load into it so your next visit will go much faster. Of course, we have to learn all the aspects of the system as well. We've come a long way from the tin "cash box"! I could not master this challenge without Brad, our helper and Hancock Whitney Bank's support. There's just nothing like hometown folks.

Great news from Tammi is that we will be using a different website provider in 2019, so hopefully all the things that we were use to finding there before; classes, events, our supply lists, etc, will be there in a timely manner. It will take a couple of weeks probably to transition to this new site, so in the interim she will still post class information on Facebook. Speaking of Facebook...we make every effort to update you on additional classes, change of class dates, new products and anything else we can find to inspire your creativity, on Facebook so check back there often. Facebook changes their algorithms that decide what to share in your newsfeed often, but the best way to be sure to keep seeing our page and our posts automatically is to be sure to interact with our posts periodically. For example click "Like" on some posts and comment on one every now and again. Otherwise, you will not see posts from Margie's without going directly to our page because Facebook thinks you aren't really interested in our content.

I keep hearing of Quilt Shops closing that have been around for many years and this is really a tragedy. Before long, all you will have for shopping and learning will be through the internet. Is this truly what we want, no human contact, no warm feelings of "Hello, how have you been?" when you walk into your local shop. No fellowship in classes and enjoying seeing what the other colors and personal touches turn out to be? No teacher to guide your creativity? Do you not want to be able to walk around and feel the beautiful fabrics and see samples in person to inspire you? Do you want to just add to your "cart," push a few numbers and check out with no personal, "Thank you, please come back"?

We are approaching our 48th year and we really do want to stay around a bit longer. Only by the Grace of God and your patronage is this possible. Thank you so very much for your past support!

We, Tammi, I and all of our staff, wish you Health, Happiness, and God's many Blessings in the New 2019 Year!

IMPORTANT CLASS POLICY INFORMATION

- **Classes must be paid for at the time of registration—this will insure you have a space in the class.**
- **Forty-eight hour cancellation notice is required to refund or credit fees. No refunds for special events.**
- **A supply list will be provided at the time of paid registration.**
- **All brands of sewing machines are welcome unless otherwise specified in the description.**
- **As a courtesy to others, please mute cell phones while in class and exit the class to make/take a call.**
- **Please have all supplies prepared as requested by the teacher prior to class. Label your equipment to avoid confusion and to let us get your left items back to you.**
- **Please, only registered, paying students in classes.**
- **Classes will start promptly at the time specified, please try to be set up and ready to go by class start time!**

Thank you!

We hope all of these policies will help you get the most value and enjoyment from your class time!
