

Intro to Artistic Digitizer or Simple Cut Software & Edge Cutter

INSTRUCTOR: Connie Headley

Machine & Accessories

- Laptop & Power Cord
- Edge Cutter, Power Cord & USB cable
- Optical Mouse – NOT OPTIONAL*

To reduce frustration and increase your success, you must have a mouse. Please make sure that it is an optical mouse, not an old roller ball mouse. A mouse is the best type of "pointing device" to use unless you are extremely accustomed to using a track ball or pen and tablet. It's a good idea to have a fresh spare battery with you.

Notions & Tools

- Blade holder and blades
- Low Tack & High Tack mats
- Any other tools that you have for your cutter
- "Computer" glasses if you need them

Fabric & Materials

We will supply card stock and fabric for you to practice with

BEFORE CLASS

It is VERY IMPORTANT that you arrive at least 15 minutes early to get your computer set up and make sure that there are no pending Windows updates. If this is your first time taking a computer class at our store we will also need to get you connected to our internet before class. There is a lot of information to cover and we need to start on time.

If you need any help installing your software: Please contact us IN ADVANCE so we can arrange a time for you to bring in your laptop for help. We can also help you remotely, if needed, using Windows 11 Quick Assist.

Please be courteous to the other students and the teacher by arriving at least 10 minutes before class starts to set up your machine. Do not come to class if you are not feeling well. *PLEASE CALL IN ADVANCE 505-424-3242, IF YOUR PLANS CHANGE AND/OR YOU ARE UNABLE TO ATTEND.*
